

General Information About Our Home Natural Health Retreat

Praise God that you are coming! We welcome the privilege of serving and pray that our Heavenly Father will bless you in your quest for better physical and spiritual health. Here is some important information to prepare you for the trip and the experience during your stay.

Besides assisting with your physical challenges, our goal is to foster an environment that will provide you with an opportunity to relax, distress and let God do the rest. One way to do this is to refrain from using your cellphone, tablet or laptop. To keep in touch with love ones, as needed; a landline telephone is provided for your use. The use of cell phone while in the home is strongly discouraged, not just for your benefit, but also for the safety of those whose health is challenged by high frequency electromagnetic waves. **Cell phones are to be turned off or kept on airplane mode while indoors.**

During your free time you may want to take advantage of the videos that are kept in the lecture room. Many health subjects are available for your further learning. There will be a list of required viewing.

Literature

You are welcome to read any of the books found in the lecture room. Copies of these books may be available for purchase.

Television, Radio & Recorders

We discourage TVs on the campus and in the Health Center. The television is for viewing videos only. It is not to be used for viewing movies, soaps, game shows, or any other programming. Health lectures, sermons, and music are a few of the different types of tapes available for your listening enjoyment.

Dress & Social Standards

Since this institution is a health retreat, and not a spa or a resort, it is only to be expected that both men and women be modestly attired at all times. The association between men and women must be on a high level to maintain the good name of the institution and its Christian principles. A dignified reserve should be maintained.

Laundry

Machines are provided for health guests in the hallway off the kitchen. Please plan your laundry time so that it is completed one hour before therapies begin or started after therapies and treatment laundry are completed for the day.

Town Trips

We discourage all but very **necessary** town trips through Health Center personnel, because of loaded schedules. Please see a health center staff member if a trip is necessary.

Off Health Center Grounds

Before leaving the ministry grounds, health guests should secure permission and sign a Release of Responsibility form. Absolutely no leaving is permitted during the cleansing week.
